These results do not show levels of progress from GCSE results. An analysis of levels of progress shows that all subjects performed in line with National expectations and Art and PE BTEC performed significantly above National expectations.

### PROGRESS IN ENGLISH AND MATHEMATICS

The Government expects the majority of pupils to make at least expected progress in English and, separately, in Mathematics between the end of KS2 and the end of KS4. The expected progress is at least 3 levels. The measure of expected progress is built on the principle that pupils achieving a level 4 in English or in Mathematics by the end of KS2 should be expected to achieve at least a C grade GCSE in that subject.

The table below shows the percentage of pupils who, by the end of KS4, have made expected progress. Pupils who did not do the KS2 tests and therefore do not have a KS2 level are not included in this data. This data is only available for the last four years.

Percentage Expected progress English	2009	2010	2011	2012
Huish Episcopi	70	87	88	79
Somerset average	65	71	73	65
National average	66	70	72	68
