

MR R FOSTER
(P A R E N T D I R E C T O R)

I have been a Parent Governor at my children's school in Ilchester for six years and whilst at times it was extremely difficult, I have on the whole enjoyed the process of being involved with the school at that level. Therefore, I feel the experiences gained in that capacity will be of use as Director at Huish going forward. I believe my professional skill sets will also be beneficial to Huish as I am a trained Project Manager and have experience with budgets and financial controls.
