

MISS S KING
STAFF DIRECTOR

My sentiments and reasoning for wanting to take up this post have probably been echoed throughout the history of applications for Staff Governors however, I can confirm that they are my very own.

With my son due to join the throng of 2020's Year 7 intake I feel I have a duty to him (and future students) to contribute, encourage and inspire changes to continue the Academy's positive evolution. I will bring to the table an enquiring mind, a wealth of experiences from different fields of employment, a fabulous team spirit and a keen eye for rules and regulations.

I will do what I can to ensure the continued positive growth within the Academy, for its students, staff and community.
