

MRS C AHMED
DIRECTOR

I live in Somerton and have a child currently attending Huish in year 9. I am passionate about ensuring that all children understand the opportunities available to them and that they are actively encouraged and supported to achieve more than they thought they ever could, giving them the confidence to strive for what they want throughout their lives.

Having worked for a national company in various management and HR roles for almost 20 years, I have established my own HR Consultancy working with SMEs from different industries on a broad range of HR initiatives over the last 3 years. I am a chartered member of the CIPD and ensure that my HR knowledge and working practices are current and relevant.

As such I have been working as an independent partner to various boards and SLTs, gaining commercial, strategic and technical HR experience that I hope to bring to the Huish Board and also the Pay and Personnel Committee, Principals Performance Review Panel, Teaching and Learning Committee and as the Maths Link Director.
