HuishEpiscopi

October 2020

Dear Applicant

Thank you for expressing an interest in joining Huish Episcopi Academy as a Teacher of English.

We believe that Huish Episcopi Academy is a great place to work. As you will see from the details enclosed in this information pack, we are an oversubscribed 11-18 school of over 1500 students based in the heart of the beautiful Somerset Levels. The Academy regularly achieves strong exam results and has an excellent reputation both within and beyond our catchment and demand for student places is very high from across the county.

Huish has a strong reputation for excellent teaching and learning, superb student support, a huge range of opportunities to extend and challenge all learners and ultimately some great outcomes for students. We are not complacent though and are always looking to develop innovative ways of improving what we do. All staff have a voice at Huish and if you are successful in gaining a position in our school you will be encouraged to involve yourself in many aspects of this development.

Our students are fantastic and we are very fortunate to have an above average intake in every year group. The vast majority of students and their parents/carers share our high expectations which results in an excellent ethos within the school and one in which lessons focus on learning. Relationships between staff and students are very positive, in fact staff often give up much of their own time to support students in their work or in extra-curricular activities. I am sure that when you visit the school you will see this for yourself and experience the warm welcome our students extend to any visitors to our school.

Safeguarding is of paramount importance at Huish and we are dedicated to providing an outstanding level of support to our students. We provide regular professional development to all staff to ensure all adults in our community are fully trained to deal with any safeguarding issues appropriately. We have recently moved to a web based safeguarding package called *myconcern* which gives staff quick and easy access to recording incidents and ensures all safeguarding concerns are chronologically recorded.

In September 2018 the school moved to a vertical tutoring and House system, with 5 Houses (Bailbrook, Chelston, Lambrook, Merchant and Pennard). The purpose of developing this new system was to bridge the gap between pastoral and academic areas of school life, to create an identity and sense of community within each house and the school as a whole, to enable student leadership to thrive and to embed healthy competition between the houses. Although we are at an early stage of the new system, I have been impressed by the way in which staff and students have embraced change and are already becoming very competitive!

The sixth form also plays an important part of the House system, with vertical tutoring across years 12 & 13 and an expectation that older students will work within their houses with lower school tutor groups on a regular basis; be it to support tutors or to run sessions on their own. We are lucky to have a fantastic sixth form which opened in its purpose built facilities in 2010 and has gone from strength to strength. Pleasingly, large numbers of students have obtained places at top universities, including both Oxford University and Cambridge University. More recently, half of our leavers obtained university places, all of them gaining their first or second choice.

At Huish Episcopi we also manage our own sports and leisure provision, Huish Leisure, for which staff get free membership and reduced rates for classes and child activities during school holidays. A large amount of investment has been put in to ensure we provide excellent facilities for our leisure users, students and staff. The most recent development being the refurbishment of our pool, turning it from a dated lido pool to a modern indoor facility. We are committed to investing capital funds on a regular basis to benefit the students and staff at Huish.

Another recent development has been moving the catering to an in-house provision. Having had external caterers for many years we decided to bring it into our business portfolio so that we can develop healthier and more locally sourced food produce and develop more environmentally friendly practices, along with improving the range of delicious food on offer to staff and students.

After reading through the information pack I very much hope that your interest in our school is sustained and I look forward to reading your application.

Yours sincerely

Chris Wade
Principal

Introduction

Thank you for your interest in joining Huish Episcopi Academy. Within this pack of information you will find further details about our school which I trust you will find useful.

We believe Huish is a great place to work. The staff at the school are hugely supportive and our students are some of the best and most rewarding I have ever had the pleasure to work with. We are proud of the excellent working relationships between the staff and students which create a very special ethos within our school. We are fortunate to have a highly academic intake of students each year which ensures that teaching and working with students is very rewarding since the focus is very much on learning, progress and achievement. This is recognised by families within our catchment with approximately 30% of students choosing to join Huish from outside our catchment which means that we are consistently oversubscribed.

We are a very forward thinking school and we were one of the first schools to convert to Academy status with the extra funds being used to increase staffing levels, reduce class size and improve the school facilities. In recent years we have opened a new £750,000 teaching block in order to accommodate the large numbers of students wishing to join the school, and have built a new roof for our swimming pool. We also manage our own sports provision, Huish Leisure, and have excellent on-site sporting provision including a large sports centre, gym and dance studio. In 2015 we added an artificial grass pitch to the facilities, which has been supported through funding from the Football Foundation and South Somerset District Council. All staff receive reduced rates for gym membership which reflects our commitment to the health and well-being of people who work at the school.

We were judged as "good" in our Ofsted inspection (December 2017), the report states that "a culture of ambition and aspiration is developing in the school, which is helping to improve outcomes for pupils and students." In terms of leadership, the report says "Leaders are determined to ensure that pupils and students are challenged more consistently so that aspirations are raised".

Despite a very positive inspection report, we are determined to move back to outstanding and have put a range of actions in place to ensure that this occurs. These include:

- A renewed focus on teaching and learning particularly focussed on embedding more challenge
- Refocusing our pastoral system on ensuring students make progress as well as continuing to provide excellent support
- Using data provided by SISRA to track the progress of individual students very closely to ensure we can intervene quickly where underperformance is identified

Given the quality of staff at the school we are very confident that these actions will ensure that we make the improvements necessary to be once again regarded by OfSTED as outstanding.

The excellent behaviour of students at the Academy is reflected in our very low rates of both fixed term exclusion and permanent exclusion and visitors to our school often comment on the very positive ethos seen in and around lessons. This allows staff to concentrate on teaching rather than constantly battling against students who don't want to learn.

We have an extensive CPD programme in place and believe in ensuring that our staff are invested in to stay at the top of their profession. Many of our Middle Leaders have been trained through Leadership Pathways or Leading from the Middle. We hold regular in-house training events for topics such as: lesson planning, teaching SEND students effectively, outstanding Post-16 education, active learning, literacy and sharing good practice. Every member of teaching staff has quality time made available to them to observe, in a non-hierarchical non-judgemental sense, other members of staff teaching across the school.

In addition, we have two Advanced Skills Teachers as well as two further Teaching and Learning mentors who are all recognised as top practitioners available for advice, guidance and professional support.

We feel that individual attention for students is vital to their progress and this individualised provision is also reflected in our curriculum offer and differentiation within lessons.

We have an extensive extra-curricular programme across many subjects within school. We offer a wide range of

sporting activities with our teams and individuals enjoying huge success at both regional and national levels. Within Performing Arts a huge number of opportunities are available with previous performances including "Arabian Nights", "West Side Story", "Guys and Dolls", "Les Miserables" and "We Will Rock You".

These high profile performances feature alongside a range of other events including our very popular and successful annual fashion show. We also offer a very wide range of trips and visits throughout the year which include a student exchange to Nice, geography trips to Sicily and art trips to Paris. Within this country there are a host of visits to further extend learning including to the Saatchi Gallery, Globe Theatre, Bristol Zoo and the Clothes Show to name but a few. We also have an extensive gifted and talented programme for our most

able and they have recently been on a residential visit to Cambridge University. These visits reflect our belief that education goes beyond academic achievement and must include memorable learning experiences which inspire and instil in students the readiness to play a positive and active role in their community.

I hope that this brief outline of our Academy has given you a flavour of the work that we do and maintained your interest in applying for the vacancy. We do expect high standards of professionalism,

hard work and a willingness to go the extra mile for the young people in our care. However, in return we will offer the opportunity to work with highly rewarding students in a very supportive school which has very high aspirations of what it can achieve.

If you wish to further your application, I look forward to receiving a completed application form and a letter in support of your application. Your letter should outline what you can contribute to improving the attainment and progress of students at our school in order to help us move to outstanding as well as any additional skills you would be able to offer our students in a wider sense.

DEPARTMENT INFORMATION

Teacher of English

Full-time. Qualified Teachers' Pay Scale. Permanent
To start January 2021

The English Department at Huish Episcopi Academy is a high performing area within the school. Students enjoy their learning and colleagues are enthusiastic and supportive of one another. There are currently eight full time English teachers, including one who is an Associate member of SLT and another who is the whole school coordinator for literacy. There are two part time teachers. All members of the department are English specialists, some very experienced teachers and others in their earlier years of teaching. There is also a part time admin assistant in the department who supports the organisation of resources and maintaining display work.

Members of the department represent whole school working groups in Teaching and Learning group and Primary liaison. English is currently line managed by the Vice Principal.

All full time members of the department have their own classroom, which have interactive whiteboards. There are also designated English rooms in our new Post 16 block which are used for English and Media Studies A level. Trolleys of laptops can be booked out to support lessons and there is one ICT room within the department.

In KS3 students are offered a broad curriculum including studying a novel, a play, a selection of poetry, some non-fiction and an element of media in each year. We teach in a thematic way to allow more creativity and to encourage more varied reading. We have recently rewritten KS3 in order to strengthen knowledge and skills. There is a common assessment procedure across KS3 where we are introducing students to assessments which prepare them for exam situations. We believe in the importance of reading both for enjoyment and to aid academic success and students have regular library lessons, supported by the school librarian.

We are committed to having a good work life balance and are trialling the use of whole class feedback books, homework booklets for KS4 that are self-assessed and also have set up a website for KS4 English where all revision resources can be found. There is also a KS3 website for students and parents which also contains the knowledge organisers which are set for KS3 homework. There is no homework marking at KS3; in KS4 there are homework booklets that are marked in class. Also, we have had a book club in the department for teaching and leading: we are currently reading 'Make it Stick.'

In KS4 students follow the AQA GCSE Language and Literature courses. At Post 16, we have been given the opportunity to build on our success in KS4, encouraging students to study English at a higher level and develop a passion and love of literature. We currently offer A level English Literature and Language combined, English Literature and Film Studies. Also, we provide AQA GCSE English Language for a small cohort of students who need to retake English.

We will currently follow the AQA specifications for GCSE, while both A Level Literature and Lang/Lit are Edexcel. Film Studies is Eduqas.

There are many extra-curricular activities arranged including using professional writers to encourage creative writing, using visiting actors to engender an appreciation of theatre and trips to the theatre. Recently there have been trips to see 'Blood Brothers,' 'Wicked' and 'A Christmas Carol'. We have taken part in the BBC School Report for the third time this year and look forward to this being a regular feature of the department which will run alongside our student reports in the Western Gazette. A new feature this year is our 'Shakespeare festival.' Also, we show live broadcasts from the RSC which have been very successful.

The department is in an exciting phase in its development. The constant drive to raise achievement and progress at KS4, encourage students to want to study in the sixth form and encourage a lifelong love of literature for all should provide many rewards for a candidate.

The Post

The successful applicant will be expected to teach across the full ability range at KS3 and 4 with the potential for KS5 teaching in the future. Overall, we are seeking to employ someone with excellent teaching skills and the capacity for hard work. They should be open-minded and bring an extra dimension to an already successful department.

For further information: please contact Mary Singleton, Head of Department at MSingleton1@educ.somerset.gov.uk

Closing date for applications- noon, Tuesday 27 October 2020. Completed application forms should be returned to Miss Leach at: huishrecruitment@educ.somerset.gov.uk.

The Academy is committed to the safeguarding and promoting the welfare of children and young people and our recruitment and selection processes are particularly rigorous in relation to child protection. You should be aware that aspects of the assessment process and interview will explore your motivation and suitability to work with children.
