* Attainment 8 is a measure of a pupil's average grade across a set suite of eight subjects. Grades are measured on a 1-8 point score scale.

** Progress 8 measures the progress of pupils across a selected set of 8 subjects. It is a type of value added measure, meaning that pupils' results (Attainment 8) are compared to the actual achievements of other pupils with the same prior attainment – these are not yet known for 2017 results. A score of 0.5 would mean that students achieved on average a half of a grade better per subject than other pupils nationally with the same prior attainment at KS2.
