

Spanish (A-Level)

Transition Work

Summer Key Skills Tasks (Bridging Units)

Your summer holiday key skills tasks: there are 3 tasks to complete. They should ALL be ready to be handed in for marking and discussion by the beginning of the new academic year in September.

- A. Complete as many grammar exercises on tenses as you can from www.studyspanish.com This is an excellent opportunity to address any gaps in your knowledge , especially with reference to verbs and tenses.

- B. Research an area of interest to do with the Spanish speaking world. It could be a famous Spanish artist, a Latin America country or a type of Spanish or Latin American music. It doesn't matter what it is, as long as it is related to Spain or Latin America. You should write a page in Spanish about your project and be prepared to say something about it in your first few lessons. This is not your Individual Research Project; it is a way of demonstrating your spoken and written Spanish and it will give you an insight into what is involved in researching a topic.

- C. Listen to at least one news item from www.bbc.com/mundo or www.newsinslowspanish per week and write a detailed summary in English of what the news article/podcast is about. If you can, keep a record of your summaries to show your teacher in September.
