National Careers Week

1st – 6th March 2021

I would like to welcome students and parents to National Careers Week 2021.

National Careers Week (NCW) is a celebration of careers guidance and free resources in education across the UK. The aim is to provide a focus for careers guidance activity at an important time in the academic calendar to help support young people with important decisions that lay ahead of them.

At Huish, we aim to provide careers education, information, advice and guidance (CEIAG) to pupils, across the school, to inspire them, help them surface their career interests and to identify the choices (academic and experience) that they will need to make to realise their career aspirations. To aid this, we are celebrating National Careers Week 2021 with a number of free activities and events throughout the week.

In this document, you will find some information on national events.

More information on NCW can be found here: <https://nationalcareersweek.com/>

NCW will be running a Virtual Careers Fair from Monday 1st March to Saturday 6th March, you can access it by clicking here: <https://ncw2021.co.uk/>

You can also follow NCW on social media:
