

Huish Episcopi Academy**Assessment plan (evidence to be used) A level Physics H556**

Evidence (<i>Minimum of 5 pieces</i>)	Date of assessment (by class)	Type of Assessment	Link to exam syllabus OCR A level Physics A
1	Monday 26 th April	Exam paper based on past paper questions. Max 35 marks / 45 mins. Marked using exam board markscheme.	(Module 1 Practical skills and module 2 Foundations of physics are common to all papers so can be assessed throughout) Module 3: Forces and motion
2	Tuesday 4 th May	Exam paper based on past paper questions. Max 35 marks / 45 mins. Marked using exam board markscheme.	(Module 1 Practical skills and module 2 Foundations of physics are common to all papers so can be assessed throughout) Module 5: Newtonian world and astrophysics
3	Thursday 6 th May	Exam paper based on past paper questions. Max 35 marks / 45 mins. Marked using exam board markscheme.	(Module 1 Practical skills and module 2 Foundations of physics are common to all papers so can be assessed throughout) Module 4: Electrons, waves and photons
4	Wednesday 12 th May	Exam paper based on past paper questions. Max 35 marks / 45 mins. Marked using exam board markscheme.	(Module 1 Practical skills and module 2 Foundations of physics are common to all papers so can be assessed throughout) Module 6: Particles and medical physics
5	Tuesday 18 th May	Exam paper based on past paper questions. Max 35 marks / 45 mins. Marked using exam board markscheme.	(Module 1 Practical skills and module 2 Foundations of physics are common to all papers so can be assessed throughout) Unifying concepts containing elements from all 6 modules
	November 2020	Mock paper compiled from 2019 exam papers	Year 12 content from modules 1, 2 3 and 4
